*Top 10 Romantic Things to do in
North & West Clare*

North & West Clare is an area of unspoilt beauty wedged between the Shannon Estuary and the thundering Atlantic. The sea is ingrained in our traditions and amenities. Charming villages like Miltown Malbay, Lahinch, Doolin, Fanore and Ennistymon are famed for their traditional music sessions. North & West Clare is an ideal destination for those in search of the outdoors; sea, lake and river fishing, walking and cycling and of course golfing are all popular activities in the county.

Doolin Cave Doolin, Co. Clare

T: 065 7075761 E: tours@doolincave.ie W: www.doolincave.ie

Opening Times: March- October

Doolin Cave is one of Europe's most compelling cave attractions. It is a truly authentic experience. 'The Great Stalactite' It is your only opportunity to see such a large free hanging stalactite anywhere in the world.

From the moment you descend over 80ft into the first tunnel, with your guide, you will enter a world carved by water. With your hardhat and flashlight, you will follow the rough-hewn route of the early explorers who first discovered the cave. When you enter the stunning, cathedral-like dome that houses the huge stalactite, you will be briefly plunged into a world of primitive darkness. Then, in a flash, you will be awed as the subtly lit stalactite appears before you. And, far below, a magical stream carries to the hills outside, the water that carved the primeval world around you.

Dolphin and Nature-At the Spectacular Mouth of the Shannon

Our boat trip brings you to the Mouth of the River Shannon, Ireland's longest river, to watch wild bottlenose dolphins. Baby dolphin (calves) are born each year into this group of about 140 dolphins that live in Special Area of Conservation. Shoals of fish, drawn into the Shannon by strong tidal currents, attract the dolphins and a variety of seabirds. Our passenger boat, Draiocht offers you comfort and safety and allows for superb viewing. Our hydrophone (underwater microphone) lets you listen to dolphin sounds, when conditions allow. Our crew are university zoologists to answer your questions and to facilitate the work of dolphin research.
